

ALERT!! April 5

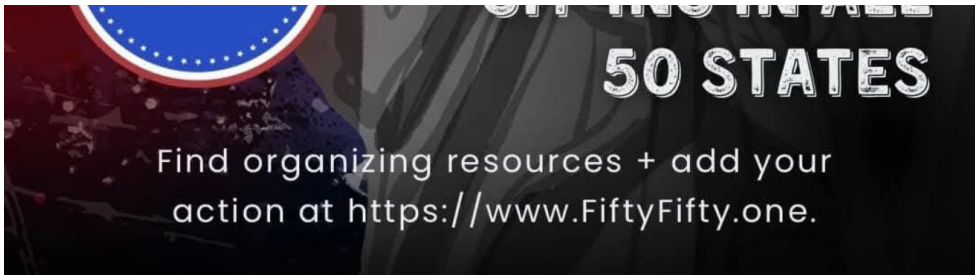

HAL TURNER | NATION | MARCH 30, 2025 | HITS: 35732

Every left-wing group in the nation is planning "massive" protests, nationwide, for April 5. Everyone needs to be monitoring their area and the protests that are planned.

EN ^

These are nationwide protests (with the largest being in DC) planned for April 5th and it's a joint effort between 50501, Indivisible, Women's March, Political Revolution, and dozens of others - maybe hundreds.

"Remove, Reverse, Reclaim", "Hands Off", "Veto Project 2025", and of course they are "Defending Democracy."

Donald Trump and Elon Musk think this country belongs to them. They're taking everything they can get their hands on, and daring the world to stop them. On Saturday, April 5th, we're taking to the streets nationwide to fight back with a clear message: Hands off!

They are protesting everything from DOGE, LGBTQ, Women's Rights, Tesla, Palestine/Free Mahmoud Khalil, Trump, Project 2025, etc.

They are mobilizing in **every state across the country**, but the focus is DC - even helping to organize people traveling to DC.

🇵🇸 On April 5, we're going to DC to tell Trump that we are not afraid. Hands off our students! We'll keep fighting until Palestine is free!

Find buses from your area and make your plan to be in DC on April 5 for a historic March on Washington.

The "Trans" people have been circulating videos with them using guns!

Communists always put the ((aggrieved)) and ((historically discriminated minorities and trannys)) into power in order to genocide with the pretext of revenge and ((liberation))

Same play book as the 1917 Bolshevik Revolution in Russia, The Mao Cultural Revolution in China, Pol Pot, etc.

Only this time, it's happening HERE inside America and we had better be ready to put a stop to this if and when they turn violent. They ALWAYS do.

During the final calendar week of each month, I come to you for the financial support to keep this radio show and website alive for another month.

Your donations help pay for Radio air time, Website hosting and data transfer costs through Amazon Web Services, Fiber Optic Connectivity, Cellular and satellite Fail-overs in New Jersey and at the Pennsylvania "Bug-out" location, to bring the audio feeds life to the radio stations and to the Internet. There's also Music licensing fees, software updates, equipment maintenance and replacement, and so forth.

YOU make this entire endeavor possible with your generous support!

Please use the Widget below to make a donation. I have until March 31 to raise the necessary funding.
